

Customizable Fundraising Program

Go Team Go SCHOOL SPIRIT Fundraising Fliers

JDS has made fundraising very simple for you and your customers (schools, teams etc.). No more overpriced candy, cookie dough and unused coupon books! This program allows organizations to simply email the digital brochures out to their database along with the digital order form to generate sales. They can also post them on their web sites or print copies for face to face selling if wanted.

Low Cost • Easily Implemented

Here's how it works:

1

PERSONALIZATION AREA ON FLIER

Download the flier(s) that you would like to use, and open with Acrobat Reader. Enter the participating organization's contact info in the form fillable area at the top.

Ashland High School
Cheer Squad Fundrasier
Contact #: 000-000-0000

PERSONALIZATION AREA

Polar Camel High Endurance Drinkware
• DOUBLE WALL VACUUM INSULATION • ULTIMATE HOT & COLD RETENTION

Another option using Corel Draw, or a similar Adobe program, allows you space to add a custom header for your participating organization using their mascot/logo along with contact info.

Ashland High School
Cheer Squad Fundrasier
Contact #: 000-000-0000

Polar Camel High Endurance Drinkware
• DOUBLE WALL VACUUM INSULATION • ULTIMATE HOT & COLD RETENTION

Cheer Squad Fundrasier
Contact #: 000-000-0000

Organization: _____
Contact Name: _____
Contact Phone: _____
Form Collection Date: _____
Make Checks Payable to: _____

Full Color Masks - Fundraiser ORDER FORM			
Masks	Qty	Price	Total
Item #			
10001			
10002			

Name/Phone/Email: _____

2

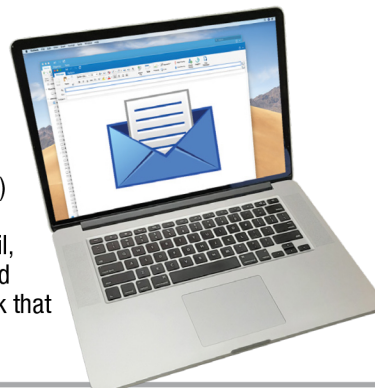

ORDER FORM FILLABLE PRICING

Download the order form(s) to go with the flier(s) you choose to use. Then determine what pricing would work best for the fundraiser and enter it in the fillable areas.

3

SEND AND YOU'RE ALL SET

Once you have completed the customization of your flier(s) and form(s) save them accordingly. Send them off to your organization via email or if the file size is too large to email, you could use an FTP service or utilize a free service called Wetransfer (www.wetransfer.com). Wetransfer sends a link that allows the organization to download the files being sent.
