

2024 NEW PRODUCTS CATALOG

OVER 800
NEW PRODUCTS
for 2024!

HEAT TRANSFER MATERIAL, PRE-CUT NUMBERS & HOTRONIX HEAT PRESSES

YOUR RECOGNITION, PERSONALIZATION & SIGN SUPPLY PARTNER!

A message from Scott...

Dear Recognition, Personalization and Signage Professional,

We are very happy to be able to have over 800 new products in our 2024 catalog, and in addition we are becoming a master distributor for Stahl's Heat Transfer products and Hotronix heat presses which adds more than 3,000 more items to what you can purchase from JDS industries. We are very excited about this new partnership and the benefits it will bring to our customers such as inventory available all over the country in JDS warehouses as well as free freight which is something not available if you order directly from the factory. And the prices you pay JDS will be the same as factory as well.

There are many other exciting new products we will be offering as well. Our new 40 oz. Polar Camel™ travel mugs have already become a big hit and you will see we will now stock them in all of the great Polar Camel™ colors. We have also added a wine chiller to our Polar Camel™ family of products. There are new sport tumblers that look and feel like real footballs, basketballs and several other popular sports.

We have added several new Laserable Leatherette® products to our line as well as two new colors, purple and white. Both of these new colors can be either laser engraved or UV direct color printed. There are also many items that have our new leatherette that looks and feels like a real football and basketball but is also laserable or UV printable. Travel jewelry boxes have been very popular so we have added a new larger version and we have also added two lines of pill boxes which will be a completely new offering.

You will see that we have added to our Polar Camel™ Glassware line. We have added 10 new glassware items including more rocks glass options, more shot glasses, as well as coffee and beer mugs. You will also see a new line of glass decanters that we have had a lot of requests for. You will be able to buy a full gift set of decanter and glasses, or the decanter or glasses separately and all are in very nice retail packaging that your customers will love.

We are also releasing a new line of high quality, personalizable knives. This new line is called Bison River and all items are exclusively available through JDS Industries. We have been working on these products and designs for over a year and we are very excited to bring them to you.

There are many new award and recognition items to choose from as well. We have two new lines of resins for 2024 as well as some new plastic items, medals and columns. We have two new lines of plaque plates with Florentine finish to choose from in 2024. There are also several new glass and crystal award items your customers are sure to like.

We are optimistic for 2024 and hope that you are as well. We are always striving to bring you the best in products, service and availability. Let us help you have your best year ever.

Scott Sletten
President and CEO,
JDS Industries and JDS Sign Supply

LEGEND

Process Icons

D

Diamond Drag Engraving

Recommended for engraving with a bullet-point diamond graver to “scratch” lines into a substrate.

B

Burnishing

Recommended when spinning burnishing tools to remove the cap sheet of a metal substrate.

R

Rotary Engraving

Recommended for engraving through spinning with a rotary tool.

L

Laser Engraving

Recommended for engraving with a laser.

S

Sublimation

Recommended for sublimation.

SG

Sandcarving

Recommended for sandcarving.

JDS Informational Icons

Comes packaged in an attractive lined gift box.

Another JDS Innovation!

Made in the United States of America.

Dual Air Fusion IQ[®]
16" x 20" Dual Platen Press
\$8,150.00**

With two heat platen stations, this heat press increases efficiency by allowing threading and layout on one station while the other is being pressed. It's perfect for high-volume operations and for DTG applications.

FEATURES

- New Fusion IQ™ controller with larger, higher-resolution screen, plus troubleshooting and self-diagnostic capabilities
- Program each station to work independently or in unison with Position-Based Recipe printing
- Full Threadability™ on lower platens: position the garment, rotate, and decorate any area
- Auto Adjust Pressure™: Set four different time and pressure settings that adjust automatically for your recipe
- Exclusive Auto-Adjust Pressure™ automatically adjusts to the thickness of the item being printed
- Digital time, temperature, and pressure readouts
- Operates in full-auto, semi-auto, or manual modes
- Touchscreen stores frequently used settings, production cycle counter, and auto on/off capability
- 120 PSI for heavy-pressure application
- Requires air compressor (not included) with minimum: **1 horsepower and 8-gallon hold tank. Uses 3.8 CFM**
- 240 v; 15 amps; 3500 w

Protect the upper platen of your heat press and leave a matte finish on heat transfer material.

Heat Press Pillows

The right heat press accessories allow you to offer more hard-to-decorate items. Heat Press Pillows raise the print area around thick seams, zippers, and pockets to ensure even pressure and perfect application every time.

Made with a 3/4" foam pad inside a non-stick Teflon cover for easily sliding in and out of items, Heat Press Pillows are the perfect alternative if threadability™ isn't an option. They come in a variety of sizes great for heat pressing sleeves, legs, hoodies, youth, and women's apparel.

Part Number	Size	Price
TPS-STAHL'S	6" x 8"	16.50
TPY-STAHL'S	10" x 10"	22.75
TPL-STAHL'S	5" x 18"	21.25
TPD-STAHL'S	12" x 14"	25.75
TP-STAHL'S	16" x 20"	37.75

Print Perfect Pads*

Print perfect pads have a similar purpose as heat printing pillows but work differently. While heat printing pillows allow the zippers and seams to depress into the pillow, print perfect pads actually raise the printing area to work around these elements. They are also the recommended accessory for screen printed or digital transfers because they maintain even pressure.

Part Number	Size	Price
KIT3-1315	8" x 10"	60.00
KIT3-1316	5" x 6"	35.00

FREE FREIGHT PROGRAM

Save more \$\$\$ on shipping with JDS Industries' FREE FREIGHT Program! The minimum order to qualify is only \$99. All JDS products are included in this program unless otherwise noted in the catalog and online. Those items are flagged in the catalog as no free freight.

MDF plaques, trophy marble and marble cup bases can not be included on \$99 Free Freight orders, but are still included on Free Freight on orders of \$500 or more.

Orders less than \$99 or between \$99 and \$499 that include MDF or Marble, will qualify for our fixed rate shipping program. With this program you will know what your shipping cost is before your order is shipped. No Freight Surprises!!!

JDS Customer Service or our online shopping cart will be able to tell you what on your order does not qualify for free shipping and also be able to tell you what your shipping cost will be on those items.

With \$99 free freight on most items, \$500 Free Freight on MDF & Marble, and fixed rate shipping on the items not included on Free Freight, JDS makes your shipping a whole lot easier!

\$99 FREE FREIGHT

Fixed Freight Shipping

For orders not qualifying for free freight

Orders 1-10 lbs	\$15.75
Orders 11-25 lbs	\$23.75
Orders 26-50 lbs	\$37.25
Orders 51-100 lbs	\$62.25
Orders 101-250 lbs	\$112.95
Orders 251+ lbs	\$146.95

**Offer applies to shipping within the 48 contiguous states. Customers outside the 48 states get a 5% discount in lieu of Free Freight, or Free Freight to a US address such as a broker or forwarder. Offer is good only on published prices or quote where it is specifically included. JDS will decide shipping method based on cost, if customer has a preferred method they would pay the difference between that option and the least expensive option. Any special requirements such as liftgate, COD, etc will be at customer's expense. COD charges through UPS are not considered part of freight cost and will be billed separately.*
